## We are DDP

---

DDP is the leading, independent provider of movable and immovable asset valuations in Southern Africa and offers comprehensive reporting and consulting services within the residential, retail, commercial, agricultural and municipal property industries. We have an expert team ready to cater specifically for valuations

within the municipal property industry. We continuously aim to deliver exceptional value to our clients by maximising our experience in the municipal valuation landscape through our commitment to quality. We have a complete service offering that remains motivated by client satisfaction and delivers accurate information through our detailed approach.

## We are the Experts

---

With attention to detail, a meticulous approach to valuations and a broad range of experience within the municipal property valuation industry, our expert Municipal Valuers understand the requirements and needs of conducting valuations within a municipal landscape. Through the compilation of general and supplementary valuations for local and metropolitan municipalities as well as GRAP registration and consultancy services, the team is equipped with the experience that will continue to support our goal of being the leading data service provider within the municipal arena. This unsurpassed mass-municipal valuation experience combined with our impressive B-BBEE rating has led to DDP becoming one of the most trusted service partners to several of South Africa's largest

municipalities. Our valuation roll solution, MVS, ensures strict, process-driven compliance management throughout the entire valuation roll value-chain and provides the following features and benefits:

- Cloud-based
- Seamless integration with most financial systems
- Comprehensive audit-trail
- Geospatial Information Service (GIS) compatible
- Functional objection and appeal process management
- Municipal Property Rates Act (MPRA) compliant
- Dedicated IT support desk
- Workflow-support functionality within the Municipal Rates Department
