## NOTIFICATION OF SECURITY BREACH

DDP Valuers (Pty) Ltd confirms that on 24 June 2024 in a SPAM email attack, one (1) Microsoft 365 email account was breached.

The Company took immediate action. Although the matter is still under investigation, DDP confirms that there is a low probability that personal information was leaked or affected by the incident. The following additional measures have been taken:

- The matter was reported to the Information Regulator
- All Multi-Factor Authentication and security scanning layers have been reviewed; and
- Information Security Management System policies and procedures will be updated (as necessary).

DDP urges clients not to engage with unsolicited or suspicious emails and to verify the legitimacy of any request for the sharing of personal or sensitive information.

Sincerely,

Tinus Geysers  
CEO
